Registration Help
How do I register for courses?

- Go to: [https://sims.rutgers.edu/webreg/](https://sims.rutgers.edu/webreg/)
- You can register by logging in with your:
  - NetID,
  - RUID, or
  - PAC.

If you do not have a NetID, register for your first class(es) using your RUID or PAC.

Select the appropriate semester and use the Course Lookup and Manage Registration tabs to register.

If the course you wish to register for requires a special permission number, it will list a point of contact where you can get a number. If it doesn’t list a point of contact, contact your department administrator or the Office of Student and Academic Services for more information.

How do I know if a course is offered on-campus or online?

- Courses offered on-campus will give the location in New Brunswick where the class meets.
- Courses offered online will list the “location” as Online.
- For online courses, the course information will tell you which online platform will be used. (Most courses are offered through Canvas, a few are through Sakai.)
- Online courses may be offered at specific days and times (like traditional on-campus courses) or may be offered “Asynchronously”.

This section is offered online via Canvas and meets on specific days at specific times.

This section is offered on-campus on specific days and times, in room FH-B2 on the College Avenue campus.

This section is offered online via Canvas, with “Asynchronous” meeting times.
Additional Tips:

- To find courses with face-to-face meetings, use the search terms “Traditional/Face-to-Face” and "Hybrid."
- Hybrid courses will list the days, times, campus, building, and classroom for the in-person meetings, as well as specify the format for the online component of the course.
- Some courses will only be offered online, either synchronously—with required meeting times—or asynchronously with no meeting times specified. The listings for online synchronous courses will specify the days and times of the class meetings and will have a campus designation of “Online.” The listings for online asynchronous courses will be denoted as “Asynchronous online content” and will not include days or times for class meetings.
