REVISITING GUIDED READING

Due to Popular Demand

We’re Bringing the Workshop to You, South Jersey!

Presenters
Lesley Mandel Morrow, Ph.D.
Kenneth Kunz, Ed.D.
&
Maureen Hall, Ed.S.

One of the most misunderstood structures in classrooms today is guided reading. Therefore, in this presentation we will focus on how to select groups, assess students, select materials, design a lesson plan, and provide effective classroom management. Each participant will receive a link to the PowerPoint used, handouts needed and a guidance document so you will be able to work with your district to improve their guided reading. This training is targeted to all individuals, those who know Guided Reading well, and those who do not.
