NOTE: Two options are available for practicum evaluation: **Satisfactory or Unsatisfactory**. Evaluations are based on the student's overall learning and performance. Areas of learning and performance identified as marginal and in need of improvement should be discussed with the student. If areas are identified as unsatisfactory, a plan for remediation should be discussed with the student and attached to the evaluation form.

SATISFACTORY

A satisfactory evaluation indicates that the student's overall learning and performance are proceeding at the appropriate rate without significant areas for improvement.

UNSATISFACTORY

An unsatisfactory evaluation indicates that the student's overall learning and performance is unacceptable. An evaluation of unsatisfactory requires a narrative describing the current limitations and addressing the needed areas of improvement. The narrative should be attached to the evaluation form.
